Light strip option - USB power cable
Maximum power 5W

Mobi-mat® AFX can support vehicle of
3.5 tons & more
(depending on the type of soil)

Tensile strength*	>100 kN/m 10 t/m 680lb/ft
Weight	<2kg/m² 0.4lb/sqft
Temperature of use & storage*	-40°C / + 80°C -104°F / +176°F

*Non-contractual technical data which does not constitute any guarantee

Company certified
ISO 9001 and
ISO 14001

Up to 5
years
warranty

Lifespan
10 years
and more

Mobility: maximum ground grip

Bare foot

- > Soft
- > Not burn feet

Compliance

- > Disable standards

Pedestrians with

- > Strollers
- > Luggage

Compatible with vehicle crossing

- > Bikes
- > Quads, Scooters...
- > Cleaning and service vehicles

Quick installation & low maintenance

QUICK INSTALLATION

Mobi-mat® is easy and quick to install.
Put, unroll and anchor the mat on the ground !

Several types of anchors are possible in option:

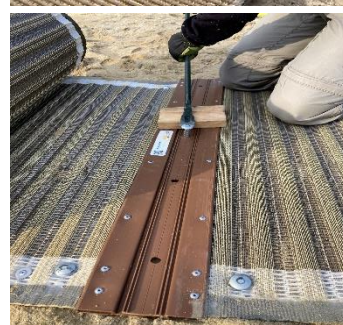

- **Concrete anchor**
- **Wood anchor**
- **Compact ground anchor**
- **Underwater anchoring on compact ground**
- **Underwater anchoring on compact ground**

LOW MAINTENANCE

Excellent corrosion resistance:

- **Galvanized steel anchors**
- **Aluminum rivets and stainless steel eyelets**

Use a broom, leaf blower or high pressure water jet to clean Mobi-mat®.

*All anchors are provided with the mat.
Depending on your mats' dimensions, the number of eyelets and anchors will be different*
